CIRSE 2025

NEXT GENERATION IVUS CASE COMPETITION

Submit your interesting case for a grant to attend CIRSE 2025!

The Next Generation IVUS Case Competition supports the next generation of leaders in medicine by giving them a platform to share their clinical knowledge, network with mentors and industry partners, and inspire future medical professionals with their successful case studies.

Don't miss this chance to present your experience and share your knowledge with your peers – Submit your successful IVUS cases by March 20!

The top five candidates will receive free registration for CIRSE 2025 and travel support to present their cases at the congress. Case presenters will be chosen by an independent CIRSE reviewing board. The overall winner will be chosen by the audience at the congress.

Multiple submissions per person are allowed, but an individual cannot present more than one case.

Who can apply?

All medical residents, fellows, and recently graduated physicians (within their first five years of practice), both in Europe and overseas.

Submission deadline:

March 20, 2025, 23:59 CEST.

The grant will cover

- CIRSE 2025 registration fee
- Travel support (up to €2,000)

Submit your cases at
cirsecongress.cirse.org/IVUS
